FROM WAYNE COUNTY.

Powersburg, Ky., July 1st.—In fulfilling my promise made to the editor of the News I will now give a short letter for publication concerning the interest manifested in oil developments in this section. Just at present no new wells have come in and therefore I might say the interest is a little dull.

No. 1 and No. 2 Sonny Brook wells are all right. No. 2 is doing a cash business at 250 to 900 barrels per day while No. 1 has her head pumped and is making 18 to 20 barrels per day. The Sun oil Company's well, at Sam Mash's was shut down Thursday to await a new rope. This well is deep enough to have shown oil formation but it is dry. The company, however, has decided to go deep and a 2500 foot rope has been ordered.

Mrs. McKay are having much trouble casing off the water in the well they are drilling for Mr. Sturby and this well will be several days yet coming in.

F. W. Wiser, on the W. C. Burley farm is going down slowly.

The well being drilled on the Denney farm is dry at 800 feet but the drillers are still pushing work and hoping for a rich flow. Several new rigs have been ordered and plenty of work will be given the drillers.

The Tennessee people, Cusack & Dobbius, commenced to drill last

Thursday and got some B. S. or surface oil, at 14 feet which shows that there is oil in the immediate neighborhood.

More or less property is changing hands every day as outside people believing that Wayne, Clinton, Pickett and Festus counties are destined to prove a great oil field. I have just re-turned from Pickett and Festus counties. People are securing that whole country for leases and investigating titles. The Tennessee people are of the opinion that the oil field is in that State because the Bobsler well is in their State, but only the drill will tell the tale and that us Kentuckians will have to go to work and get some more big wells further south and east.

The Columbia Oil Company has

secured some valuable property at this place and has ordered a drilling rig to be erected. I trust this effort will be a success and crowned with a great gusher.

A. M. Williams will try his luck again at Slick Ford. He is talking deep wells now and I believe his ideas are good.

There have been more leases

taken in Wayne county in the last two weeks than for two years before.

People from a distance are

investigating this field, acquiring

territory, and in six or eight

months will develop untold secrets in regard to the real value of property. In a game of chance any way, come ahead boys and let us get rich or break.

Rev. D. F. Flanagan and wife

have gone North for a few days.

Success to the News.

ANIMAL REVERSION.

A peculiar phenomenon in animal life has come to light at the home of editor Charles C. Moore, near Russellville, says the Lexington Democrat.

Some few days ago a valuable

female dog gave birth to 10 puppies

and simultaneously therewith the family hen hatched out a brood of chicks.

The hen took a fancy to the

pups and abandoned her own off-springs for the infant canines.

The hen fought the mother of

the pups for the right of maternal

protection, and the pups gathered

under her wing for warmth. With

the characteristic playfulness of

puppy life the latter went to climb

on the hen and bit at her feathers

with such frequency that she has

but well left. It is remarkable and

peculiar instance of maternal rever-

sion, but Editor Moore vouches

for the truth of the story, and

what he says goes in thin section.

Ladies Favorite—Morley's Little Liver Pills for Biliary People are the ladies favorite. They are small, easily taken, and do their work quickly, yet effectually. One a dose. Sold by

15¢ per year.

DUNNVILLE.

Crops are growing nicely.

The weather is as hot as love in

August,

Dr. and Mrs. Purdy, of Rush-

brach, were at the Danville hotel a few days ago.

Mr. and Mrs. Davise, of the

Middlebury College, have been vis-

iting Mr. and Mrs. A. N. Taylor.

Miss Reynold, of Junction City,

was visiting her aunt, Mrs.

S. L. Rector.

Miss Della Bell and sister, of

Liberty, were visiting at Judge

Tom Bell's a few days ago.

Mrs. Francis Roberts has been

dangerously sick.

Mrs. Hattie Morgan has been on

the sick list.

Dr. Douham and Jeff Fox went

to the pickay Waybus.

Mr. Isaac Wilkinson and sister,

Miss Daisy, of Liberty, visited their

sister, Mrs. J. W. Peeler a few

days ago.

W. C. Cudiford has his saw mill

up and ready for business.

Mr. Cudiford is a good mill man.

We have lots of lumber, staves and

spikes, and tools.

The farmer who persists

in dragging his wife and children

from their beds ought to be visited by

a missionary.

It is time enough to rise after the sun has set the example.

In the old times they used to get up at 3 o'clock in the morning, and go to work long before the sun had risen

with "healing upon its wings" and

as just punishment they all had the

sun to rise at and work the dark,

what is life worth?

Of what use is the

improved machinery unless it

tends to give a farmer a little leisure.

What is harvesting now com-

pared with what it was in the

olden time?

Think of the days of reaping,

of reeling, of raking and binding and mowing.

Think of the threshing with the

tail and winnowing with the wind.

And now think of the respers and

the binders and threshing machines,

upon which the farmer rides protected

from the sun. If, with all these

advantages, you cannot get a living

without rising in the middle of the night, go into some other business.

You should not rob your families of sleep.

Sleep is the best medicine in the world.

There is no such thing as

as health without sleep.

Sleep until you

are thoroughly rested and restored.

When you work, work; and when you get up take a good, long, refreshing sleep.

A great many farmers seem to think

they are the only laborers in the world.

This is a very foolish thing.

Farmers cannot get along without the machine.

You are not independent of the

man of genius. Your prosperity de-

pends upon the inventor.

The world advances by the assistance of all

laborers, and all laborers are

dependent upon the machine.

We are authorized to announce S. H. MITCHELL a candidate for the office of Jailer of Adair County, subject to the action of the Democratic party.

FOR ASSESSOR.

We are authorized to announce M. C. G. JEFFRIES a candidate for the office of Assessor of Adair County, subject to the action of the Democratic party.

The announcements of J. W. BUTLER and J. S. GARNETT, Jr., will be given attention in next week's issue. They were received too late for comment in this issue.

Hon. S. B. Dushman, of Barboursville, has been appointed Judge of the London judicial district to serve until after the November election. The appointment came through Gov. Beckham.

A representative of this paper was in Louisville last week and learned through various sources that the Democracy of the city is again united and would come up solidly in November against the common enemy. This alliance will be very gratifying to the Democrats throughout the State. Louisville is a Democratic city and with a united party the State is as safely on the side of the right as is Texas.

In this issue Mr. S. H. Mitchell announces himself a candidate for the office of Jailer subject to the action of the Democratic party.

Mr. Mitchell is so well and thoroughly known to the people of this county as a good, upright citizen, a true and courageous Democrat and an impartial and fearless official, that no words of ours are necessary to further acquaint them or to advance his interest in his candidacy for the nomination. His official life is before the people and his past political conflicts make his record and attest his efficiency in a November struggle for supremacy. He is the same plain man every day and always ready for the fray.

A CALL

For Democratic Precinct Mass Meetings and County Committee Meeting for Adair County. At a meeting of the Democratic Committee for Adair County, held at the circuit clerk's office at Columbia, Ky., on the 1st day of July, 1901, for the purpose of fixing a time and manner of nominating Democratic candidates for the various county and district offices of Adair County to be voted for at the November election, 1901, it was ordered by said committee that said nominations be made as follows:

The Democrats of Adair County will meet at their respective voting places in each of the voting precincts on Saturday, August the 2d, at 8 o'clock p.m., and arrange themselves in proper order to be counted for the different candidates for whom they may desire to vote, the vote for each candidate to be counted and the tally thereof to be kept by the Committee for their district respectively, and the vote for each candidate to be preserved and returned by said committee to a meeting of the whole county committee to be held at the courthouse in Columbia on Monday, the 5th day of August, 1901, at 1 o'clock p.m., at which time and place the vote of the different precincts will be counted and result will be certified by said committee. The candidate for any county office receiving a plurality of votes cast in the whole county for nominee for said office shall be declared and certified by the County Committee the nominee of the Democratic party for said office.

The offices for which nominations are to be made are County Judge, County Attorney, County Clerk, Sheriff, Assessor, Jailer, Surveyor, Coroner and Common School Superintendent, and a Justice of the peace and Constable for each Justice's district. For the purpose of counting and preserving the vote each candidate to be voted for may select a person to be present and assist in the counting.

If the Democratic Committee should not be present at the time and place of taking the vote, the Democrats are to select a man in his place to take the vote. I, therefore, as Chairman of the Democratic Committee, hereby direct the holding of the precinct mass meetings and the Adair County Democratic Committee at the time and places and for the purpose and in the manner herein above indicated.

In said mass meeting all Democrats who will be entitled to vote in said precincts at the November election, 1901, will be voted in said meeting.

Given under my hand this 6th day of July, 1901.

N. M. TOTT, Ch'a'n D. G. C. H. D. MURRAY, See'y.

In to-day's paper the announcement of Dr. S. P. Miller, a citizen of Glenville, appears for the office of Sheriff of Adair county, subject to the action of the Democratic party. Dr. Miller belongs to an influential family, being a son of James P. Miller, of Crooks. His father before him was sheriff of Russell county many years, and his son understands the workings of the office. Dr. Miller is a candidate at the solicitation of a large number of personal and political friends. He has been a Democrat since boyhood and has been active in past elections. He is well qualified for the position, and should he be selected to make the race he will make an active fight against the common enemy. His many good qualities are commended to the Democrats of Adair county.

TO THE CANDIDATES.

The Democratic County Committee has decided on the manner and time for our party to select its candidates for the various offices and as the time is short and the probability is that you can not see all the Democrats in that length of time, your attention is called to the importance of an announcement in the News. It goes to all parts of the country, read and endorsed by the people whose support you seek. The announcement will only cost \$3.00. There's no time to waste if you intend to profit by announcing or feel disposed to patronize the paper ever ready to defend you in peace or war.

The fourth and fifth subjects were consolidated for the purpose of discussion, and addresses were made on same by F. R. Winfrey and Mrs. G. R. Shelton, followed by hydraulic addresses from others.

A review of the last quarter year was made by Dr. U. L. Taylor to illustrate his manner of conducting a review which was the last question on program.

The 7th question was discussed by Rev. Huise and others.

Now, since the Democratic Committee has acted and the manner and time definitely determined as to when and how we will select our ticket, the Republican will doubtless not wait much longer but still they may delay until our ticket is made. One thing certain, and that is, that they do not intend nor never have been inclined, to make up their ticket until ours have been made, but its no difference to us we are not governed by Republican action.

Elsewhere in this issue will be found the announcement of George Montgomery for the office of County Attorney subject to the action of the Democratic party. Mr. Montgomery is one of the best young men of this country—a law of ability, well and fully qualified in every particular to discharge the duties of the office for which he seeks. He has been, and is yet a close student of law—practitioner for five years and stands at the bar the peer of any young lawyer in Southern Kentucky. As to his Democracy it stands without a stain, clear and unimpeachable, and should he receive the nomination he will use all honorable and effective means to be the winner in the final contest.

It seems strange, yet it is true, that some of the "small potatoes in Ireland" in the Journalistic world, can't keep from spouting the prosperity how in every little punny article and also refer to Mr. Bryan as a fool. No nation is destined to deny that an era of National prosperity is on and it is not the extremest who will credit McKinley with the creation and perpetuation of this era. The same organs that are blowing and gloating over our great prosperity and our surplus fail to tell of the decline in sheep, of the low price to which wheat is rapidly drifting; they fail to point out the real causes and give credit to the true source from whence our blessings come! They bow at the altar of Republicanism and pay adoration to any party who may, by chance, be placed in control of their fore-

parents were then received from thirty-five schools in the county, showing them to be in a flourishing condition.

H. C. Baker offred the following resolution:

Since our last county convention was held it has pleased our Heavenly Father in his providence to remove from the walks of man our brother and co-worker, Milton E. Wilmore. Meeting here to-day in the community in which he lived and where he labored so long and for God and his fellow man, we are forcibly and sadly reminded of the great loss which we have sustained by his death.

We desire to bear testimony to his great worth in the cause of the Sabbath School and the Church—though dead he still lives in the hearts of those whom he taught and with whom he was associated—we pray God to raise up others to imitate his noble life.

Resolved: That's copy of the above be spread upon the record book of this convention—upon a page to be dedicated to his memory.

After appropriate remarks by Mr. Baker, Gov. Hindman and Capt. Bradshaw the above was unanimously adopted.

The thanks of the convention was then tendered to the good people of Union neighborhood, especially the ladies, for the excellent dinner which was spread for the members of the convention and visitors.

Gen. Hindman was re-elected Chairman of the convention and J. N. Conover, Secretary.

On motion the Chairman appointed the following Executive Committee for the county: J. P. Dohoney, F. R. Winfrey, Dr. U. L. Taylor, H. C. Baker and J. N. Conover.

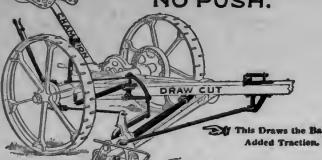

An especial feature of the convention was the music interspersed through the proceedings, conducted at the organ by Miss Rose Flowers.

It is not improper to say that this convention was one of the most successful ever held in the county and it will be long remembered by those who were present. The addresses were of a high order, and evidently appreciated by the audience.

Look at Pennsylvania.

Pennsylvania now supplies the nation with the worst examples of political vice. It has achieved unavoidable notoriety in this line. The corruption of the reconstruction in the South is surpassed by the brazen robbery which flourishes almost unabated in the Keystone State thirty years afterwards. The later manifestations have not the excuse in conditions that mitigated the former crimes. There has been no overturn of the social system, no demoralization of war, no violent putting of the bottom rail, on top, no substitution of ignorance for intelligence in the body of voters; but a steady vicious degradation of public sentiment under the rule of selfish, sordid, wanton leaders, chiefly of the Republican party. No other State exhibits an equal debasement of conscience and honor on the part of men instructed with public responsibilities, and necessarily on the part of the constituency which supports them. Cameron goes to seed has raised up such politicians as Quay, Nease, Stone and Ashbridge. The worst scandal is not their specific misgovernment, which is bad enough; but the demoralizing influence of their example upon all the youth of the Commonwealth. If the criminals in all the jails were turned loose they would not be so dangerous in their influence to degrade the standards of public life as are the men whom the people of the Commonwealth have elevated to places of honor. They are undermining the morality of the coming generation.—Boston Herald.

On Tuesday the 20th, Mr. Willie Holtzclaw, of Dumville, and Miss Annie Foley, of this place, went to Tennessee and were married.

On Thursday the 27th, the Angel of death called on Mr. F. S. Foley who was forced to the great unknown. Mr. Foley was a fine school teacher, an honest man and never wronged anybody. His worst enemy was himself. To his many friends I would say let us drop a tear over his grave for it is human to err but divine to forgive.

Advice to a Son.

My son, follow not the foot steps of the loafer, and make example of him who is born tired, I verily say unto you, their idleness is overthrown the seats are all taken and the whiting platters are all in use. It is better to have a wood at two cents than to whittle in losing match and above the government. My son, while thou hast lost in thy skull the sense of a jay bird, break away from the cigarette habit, for thy breath stinketh like a glue factory and thy whole appearance is less intelligent than the store dummy. Yea, thou art a cipher, with the rime knocked off.—Ex.

You may approximate the stars to a tall cap, hang the ocean on a grape vine to dry, wipe the nose of a cyclone with a towel, cut off the tall end of a tornado for a kegsack, put the sky in a gourd to soak, unhook the bell-band of eternity and open up the sun and moon for health resorts, but never delude yourself with the idea that you can escape the other side of purgatory if you don't pay the price.—Ex.

The papers are printing a story of a Kansas negro who was stealing a ride on a truck of a passenger train when the train ran into a mule. The train stopped and the crew looked around to see the damage done and spied the negro. They haled him out and asked: "What are you doing there?" "Why I was riding da mule," said the negro, and they took him in a passenger coach and carried him on his way with apologies.

The Kenton county grand jury indicted Justice Goebel on the charge that he secured the appointment of Jerry Kiriley as city auditor, and received \$40 a month from his salary of \$150 a month as compensation for the appointment. He is a brother of the late Gov. William Goebel, is a prominent and wealthy merchant of Cincinnati, but is now in Phoenix, Ariz., with his family and in ill health. He has been advised by telegraph of the indictment, and it is believed that he will return and face the charge as quickly as his health permits.

The largest oil gusher yet struck came in Tuesday at Redford, Creek Nation, north of Denison, Texas, on the Frisco railroad extension. The oil spouted 400 feet in the air and all efforts to cap the pipe have proved vain. Tons of thousands of oil will be wasted. The well is owned by the Pennsylvania.

If you are looking for a divorce you had best steer clear of the State of Washington. A man brought suit against his wife, charging that "she is quarreling, vicious in disposition, dangerous in threats against the plaintiff and his parents, hysterical and ungovernable in temper, crazy in her actions, and by her carelessness and unprovoked hysterics, screaming and other wild conduct, day and night an intolerable nuisance to all her neighbors," and the Supreme Court decided that there were no legal grounds for divorce in such allegations.
